About Me

Motivated Full-Stack Web Developer (Junior) with a strong foundation in JavaScript, React, Next.js, and Node.js. 4+ years of experience in multilingual customer support (EN, ES, PT), consistently exceeding KPIs, improving workflows, and resolving high-volume inquiries. Combines technical problem-solving with user-centered thinking, clean UI focus, and teamwork skills. Currently expanding full-stack capabilities through practical projects and a professional development bootcamp.

Education

Fullstack Development Bootcamp Bytes4Future, Porto, Portugal	Jul 2025 – Nov 2025
Fullstack Development Bootcamp Udemy (Online), Porto, Portugal	Current
Flight Dispatcher Corporación Educativa Indoamericana, Bogotá, Colombia	2018 – 2019
Airport Logistics Corporación Educativa Indoamericana, Bogotá, Colombia	2019

Projects

SpotiDados – Spotify Wrapped Data App <i>Next.js, React</i>	GitHub
• Developed an interactive dashboard that visualizes listening history and user music patterns. • Implemented responsive UI components and optimized client-side performance for smooth filtering.	
DevRats – Progress Tracking Platform <i>Next.js, React</i>	GitHub
• Created a gamified learning tracker inspired by GymRats to motivate coding consistency. • Designed an intuitive, responsive interface improving user engagement and interaction.	
PlantaAqui – Environmental Community App <i>Next.js, React</i>	
• Built a community-driven platform promoting environmental collaboration and eco-friendly habits. • Engineered a clean and accessible UI that adapts across devices.
